1 GENERAL REGULATIONS

1.1 Definition of Terms

1.1.1 Annual Fee

The annual fee is charged annually for the use of the clearing and settlement systems by European Commodity Clearing AG (ECC).

1.1.2 Technical Fees

The technical fees are charged by ECC for the technical access (data lines) to the clearing and settlement system.

1.1.3 Clearing Fees

Clearing Fees are charged by European Commodity Clearing Luxembourg S.a.r.l. (ECC Lux) for the clearing and settlement of spot trades and physical deliveries from due futures positions. Clearing Fees for clearing and settlement of futures and option trades will be charged by ECC.

The Clearing Fees are charged for the clearing and settlement of trades. The Clearing Fees depend either on the executed volume in Megawatt hours (MWh), therms (therm), tones carbon dioxide (tCO₂) or metric tones (t), respectively. Electricity tax, energy tax, grid usage fees and other taxes and levies are not included in the Clearing Fees.

ECC and ECC Lux reserve the right to forward or to invoice cost and fees of transmission system operators, hub operators or registries in addition to the Clearing Fees owed to ECC and/or ECC Lux, as applicable.

1.2 Due Date of Payments

Clearing Fees of ECC Lux are due on the 10th working day of the next month following the delivery. Clearing Fees of ECC are due on the 10th working day of the month following the underlying transaction. Invoices are sent out latest at the beginning of this month.

Connection fees are due quarterly in advance. The connection fee is due from the time the order is placed and not from the time admission is granted. For the first quarterly connection fee, the following rule shall apply: If the order is placed no earlier than on the 15th day of the month, fees are due for the entire month. If the order is placed after the 15th day of the month, fees are only due starting on the first day of the following month.

Annual fees are due annually in advance. Annual fees are charged from the start of the month that follows the issue of a clearing licence.

All other fees and possible expenses, including VAT, are due upon the issuing of an invoice.

1.3 Direct Debit

Any due fees according to this price list are debited directly via the Clearing Member as appointed paying agent of the Non-Clearing Member or the debit order established in connection with the clearing licence respectively

1.4 Cancellation

The general cancellation period is 3 months prior to the end of the month. Cancellations have to be in written form. Annual fees are refunded pro-rata only for entire months that have not yet started. Technical fees for the time after the end of the above mentioned termination period are refunded separately. In this context, refunding of the proportionate amount is only effected for entire months that have not yet started.

1.5 Value Added Tax (VAT)

1.5.1 Fees of ECC

The value added tax (VAT) due for the respective fees is given in the following table. This information refers to German VAT (tax rate 19 %).
