Connectivity

Connectivity	Description	Order	Cancellation
Internet	Easy to configure, with a short delivery period. Ideal for customers who require an effective solution at a reasonable price without the need of high-availability and additional IP security.	<input type="checkbox"/>	<input type="checkbox"/>
VPN	<p>VPN (Virtual Private Network) provides customers with an increased need for security, the possibility of network connectivity via an encrypted internet connection. There is an additional cost for this type of connection. Note that additional network infrastructure needs to be acquired and that administration of this connection needs to be managed by the company itself. Please see special hardware requirements.</p> <hr/> <p>Name of Service Provider</p> <hr/> <p>Public IP address (delivered from your Service Provider)</p> <hr/> <p>Router Hardware</p> <hr/> <p>Cisco Router Type / IOS Version</p> <hr/> <p>Mail: technical contact person</p> <hr/> <p>Phone: technical contact person</p> <hr/> <p>Contact responsible line</p> <hr/> <p>Line ID (example: INT_12345)</p> <hr/> <p>Room description</p> <hr/> <p>Part of building</p> <hr/> <p>Floor and room number</p>	<input type="checkbox"/>	<input type="checkbox"/>

Connectivity	Description	Order	Cancellation
<p>MIC Channel 2 (Leased Line 2)</p>	<p>Please provide the details of the second handover point, if different from above.</p> <p>Please note that the establishment of a dedicated leased line in two different handover points for safety reasons only represents the highest possible redundancy of line availability.</p> <p>A combination of a dedicated leased line with an internet based VPN solution is also possible.</p> <p>Number of Leased Lines: _____ (Physical Address of the handover point of the leased line no. 1)</p> <p>Bandwidth in Mbit/s: _____ (The bandwidth depends on the requirement of the Services/GUIs on the Line)</p> <p>Physical address of the handover point of the leased line no. 1</p> <p>_____</p> <p>Street</p> <p>_____</p> <p>Postal Code and City</p> <p>_____</p> <p>Building, Floor, Room</p> <p>_____</p> <p>Service Provider Name</p> <p>_____</p> <p>Router Hardware</p> <p>_____</p> <p>Cisco Router Type / IOS Version</p> <p>_____</p> <p>Mail: technical contact person</p> <p>_____</p> <p>Phone: technical contact person</p> <p>_____</p> <p>Contact responsible line</p> <p>_____</p> <p>Line ID (example: INT_12345)</p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>

Interfaces

Interfaces	Description	Order	Cancellation
C7 GUI	<p>For C7 GUI just one certificate per member is required and should be shared between all users. Therefore a single point of contact is required to deliver the certificate:</p> <p>_____</p> <p>Contact / Owner of the certificate</p> <p>_____</p> <p>Email & Phone</p> <p>_____</p> <p>Adress</p> <p>_____</p> <p>Country</p>	<input type="checkbox"/>	<input type="checkbox"/>
FIXML Clearing	<p>This Interface offers great flexibility and standardization in terms of technology. Since the interface uses the industry standard FIXML, it is easy to integrate into existing IT infrastructures and requires no special programming efforts.</p>	<input type="checkbox"/>	<input type="checkbox"/>

Note: Please note that the granting of the technical access to the ECC Clearing System (C7) leads to fees for technical access according to the price list of the European Commodity Clearing AG. These fees are payable at the time when ECC has received the order for the technical access. By signing this document you accept these charges. The technical connection may be cancelled to the end of a month taking a 3 month cancellation period into consideration. The cancellation period begins upon receipt of this form.
